

GC Council Oks First Step Under SU Report

Committees To Be Cut
From 17 To 8; Study
Is Received And Filed

The first step in reorganization of the Granite City council under the outline announced in Southern Illinois University's operation study was taken during a special session Monday night, when Mayor Davis was authorized to reduce the number of council committees from 17 to eight.

Monday's meeting was held in the city court room (also a recommendation of SIU for accommodating more spectators) and was called to order on the outline of the 218-page report by Dr. Seymour D. Mann, director of SIU's Metropolitan Affairs Program.

Cautious council members took pains to stress in a motion that the report was received and placed on file, emphasizing that it was not being accepted at present.

Comments Are Brief
Comments on the report were brief during Monday night's meeting, as several aldermen mentioned they had not had time to study the volume. The reports with recommendations were delivered to council members last Thursday, the same day they received the three-point report on a master sewer and drainage program for the city.

Dr. Mann told the aldermen that he and members of his staff stand ready to confer with them at any time on the report and its recommendations. He said the entire report was designed with an eye to the future, and that he and his staff would be glad to be at the same time to be bold.

"We share the enthusiasm of Granite Cityans we talked to in compiling the data as to the future growth and expansion of this city."

Survey Limited
Dr. Mann explained his staff was unable to undertake surveys of all taxing agencies in Granite City, as originally specified by the council for the \$6000 expenditure. He said there was no mandate which could enable his staff to study in detail the records of the school district, township and levee district.

"We included whatever information was available on these and the park district and county, but concentrated extensively on the city government which we received the utmost cooperation," Dr. Mann said.

Referring to council committees, Dr. Mann said the report proposes reconstruction of the council groups, rather than using the term "streamline." "Your question, where is the street lighting committee, is logical. It could go under anyone of several of the proposed committees and we would like to specify, leaving that to the council to decide."

Stress Service Quality
"The report, you notice, places the stress on quality of city service as well as quantity. With the expected rapid growth of the city, this should be accomplished as soon as possible so the city will be ready to meet the increased demands."

When questioned by Alderman Walter Nunn as to the financial status of the city and where money would be available for carrying out the recommendations, Dr. Mann said the report

Several Changes In Madison City Appointment List

Appointments for the 1961-62 fiscal year recommended by Mayor Stephen Maerz, were confirmed by the Madison city council last night, meeting a day late due to the Memorial Day holiday.

Jerry Verba was appointed to the street department, replacing John Rosse on last year's list; Vincent Hunka was added to the list of Chain of Rocks Bridge collectors; Thomas Malone was named bridge junior, replacing Earl Hollander; W. Retailers, C. of C. To Protest Sales Tax Hike

Officials of the Local Associated Retailers and Tri-Cities Chamber of Commerce were in Springfield last night to appear before the Senate revenue committee to oppose any increase in state or municipal sales taxes.

The delegation, headed by Homer Huber, retailers board member, did not have an opportunity to address the committee because of the large number of groups there also to voice opposition.

The local group will return to Springfield on Monday when another session of the Senate committee is scheduled.

Others making the trip yesterday were Gene Lichliter, vice-president of the retailers; Alvin Barnes Jr., retailers' executive director; and Harlan Dobry, C. of C. secretary.

Parade To Highlight Legion Convention

22nd District Will
Elect 1962 Officers;
Parade 5 P.M. Sunday

Tri-City American Legion Post 113 Sunday will host the annual 22nd District American Legion convention here, which will include what probably will be one of the largest parades seen in Granite City in recent years. The parade is set for 5 p.m. Sunday along Madison avenue.

The convention actually begins on Saturday evening with a dance at the Post home, 2331 Madison avenue, and continues on Sunday with a breakfast from 52 posts within the 22nd district, their wives and friends. The orchestra dance will begin at 8 p.m.

The convention session will convene at 2 p.m. Sunday at the Post 113 home, and is to conclude about 5 p.m. time for units to form near the Granite City high school for the 5 p.m. parade.

1500-2000 Participants
L. L. Brewer and Charles Milz, convention co-chairmen, estimated today that between 1500 and 2000 individuals will march or ride in the parade alone. Many more are expected to line the revised parade route.

Beginning at 30th street and Madison avenue, the parade will march west on Madison avenue, then right on 23rd street, State street, along State to 22nd street, left on 22nd street to Madison and left again on Madison avenue, past a reviewing stand on a food store lot at 2228 Madison avenue, and break up at the Post 113 home.

Granite City police and radio units of the Civil Defense organization will help coordinate the parade and control traffic. Several of the drum and bugle corps participating in the parade will stage precision drills and entertainment on the National Guard Post parking lot after the parade, and rides for children will be set up on the 24th street parking lot.

Set on Program
The convention itself will open with the posting of the colors by the Post 113 drill team. The invocation will be given by 22nd District Chaplain Rudolph Petri.

The preamble to the constitution of the American Legion will be given by Walter Spindler, senior vice-commander of the 22nd District. Delegates will be seated in the pews of the Legion to the flag by Howard Mathis, district junior vice-commander.

Alex Duccini, commander of Post 113, will then extend greetings to the convention delegates, as will Mayor Leonard Davis. The introduction of past commanders of the 22nd district and other guests will be made by Mrs. Frances Gibson, a director of the Post.

SIU Seminar Friday, Public Exhibition Saturday, Sunday

Environmental planning of the new state university in the Quad-Cities will be the topic of a seminar tomorrow and a public exhibition Saturday and Sunday.

Known as "manuscript" —

The slides also will be shown Friday as a prelude to a seminar at which noted authorities — planners, designers, architects, artists and social critics — will discuss SIU's project of creating a university campus in a comprehensive manner never before undertaken.

Known as EPEC, the week-end program is to be translated into the "physical reality" of the new campus and is expected to have "an enduring effect on Southwest Illinois," university officials have commented.

Representatives of architectural, design and art publications and schools will be among those attending.

Elevated Projections
Tomorrow's schedule calls for the first showing of "Manuscript" at 1:30 p.m. at the dome. A battery of elevated slides, projections and tape sound will be featured in a 30-minute oral panorama, tracing environmental control from the cave to the skyscraper and from the ziggurat, a Babylonian temple, to the atomic reactor.

The showing will be followed by an address by Dr. DeWitt Morris, president of SIU. Next, university students from various campuses will present an audiovisual report on their school environments.

The seminar phase of the program will begin with filmed talks on the new school's planning by Joseph Adams, designer-architect and professor of design at the Yale University faculty; Rayner Banham, critic, author and editor of England's "Architectural Review" magazine; John Burehard, dean of the School of Humanities and Social Sciences at Massachusetts Institute of Technology; Alvin Eardley, vice-president of the Ford Foundation; Eric Larrabee, an editor of "American Heritage" and writer for "Horizon" and other magazines; and Andrew Ritchie, an author and director of the Yale University Art Gallery.

**Police Plan Drive On
Venice City Licenses**

A drive is to be launched by Venice police next week on delinquent auto tags and traffic tickets for the 1961-62 fiscal year, Chief Frank DeWitt announced this week. The licenses cost \$3 each and were due May 1.

Sales through this morning totaled 491 auto tags, quite a bit less than the anticipated total, and 177 licenses, about three-quarters of the 2200 delinquent project, Bernard Burns, Glen Clark.

2 Thefts Cleared; 4 Burglaries, 3 Thefts This Week

Two thefts reported to Granite City police over the weekend were cleared this week, it was reported by Chief Willard.

The boys also admitted a number of thefts in St. Louis, and no local charges are to be placed against them. They told local detectives they rode a bus here and planned to visit the Engineer Depot when they broke into the service station Sunday afternoon to get money for the return bus trip.

Chief Willard said furniture reported stolen from a home in the 2800 block of Emory street last week had not been stolen, but had been removed by the landlord, Roy Zarkhoben.

Confederacy Looted
Throwing a brick through a window on the south side, a burglar obtained cigars, candy, cigars and soda from Walter Cook's confectionery, 401 McCambridge avenue, Madison between 9 p.m. Wednesday and 8 a.m. today, police were notified.

Entering through the window the intruder obtained the cigars and money by prying off the top of a cigarette machine. A list of the missing items has not yet been completed, and the total value has not been estimated.

\$100 Damage To Park Stand
Burglar-vandals who entered a Wilson Park concession stand at the baseball diamonds off Felling road caused about \$100 damage to the metal trailer building and made off with less than \$100.

June 15 Deadline For GC Auto Stickers

A deadline of June 15 for display of new 1961-62 city auto licenses was announced today by Granite City Police Chief Raymond Willard, who said motorists expiring licenses to display the new red and black windshield stickers after that date will be subject to arrest.

The licenses, costing \$3, are available at the city clerk's office on the second floor at the city hall, open 8:30 a.m. to 5 p.m. Mondays through Fridays and 8:30 a.m. until noon on Saturdays. To date, about 6200 stickers have been purchased by auto owners. Last year, 11,305 were sold throughout the year.

Mayors' Council Favors Lake Park; Hears Transit Plan

Development of Horse Lake as a state park was unanimously endorsed last night by 16 members of the Southwest Council of Mayors of Madison and St. Clair counties who met here as guests of Mayor Davis.

The council, meeting at Claret restaurant, also heard an outline of a consolidated mass transit operation in the Illinois and St. Louis metropolitan area proposed by the Bi-State Development Agency, but took no action.

Mayor Davis said the mayors probably would invite bus company operators to express their views during the next meeting to be held in Caseyville.

Monroe Glues Adair, mayor of Caseyville, said the economic impact of a publicly owned mass transit system would be a detriment to merchants in the local community.

Not To Disrupt Economy
Bi-State Commissioner D. Richard Adams, St. Louis, said an officer, who was added by Col. R. E. Smyser, Bi-State executive director, in outlining the Bi-State Agency proposal said the economic situation in any community would be disrupted.

"We could issue up to \$30,000,000 in revenue bonds, and would form a corporation, probably leasing back facilities to the present operators. There would not be any changes in operating personnel."

Answering questions, Adams said the Bi-State operation would be on a tax-free basis, but tax losses to communities would be over-compensated by benefits resulting from an efficient operation. Details of the operation, as to routes and timetables, have not yet been developed, he said.

"We're here to determine if you are interested in a publicly owned transit system. If there is enough interest, we'll continue the study. If not, we'll drop out. Bi-State did not project itself into this, but was asked by interested parties," Adams said.

Mayor Davis said he favored the Bi-State proposal over the Southwest Council of Mayors' proposal of a consolidated mass transit system proposed by St. Louis Public Service Co. He added that the local community coach Co. was interested in the Bi-State proposal.

No Traffic Accidents In Area On Holiday

Impressive Memorial
Ceremony Given In
Morning By DUV 90

Memorial Day was observed quietly in the Quad-Cities area with a single traffic mishap reported on the holiday to police authorities of Granite City, Madison, Venice, the county and the state.

A day without a traffic mishap is considered unusual in the entire Quad-City area, which includes the fringe sections in which state and county authorities record accidents. Several minor accidents were reported Monday afternoon and on Wednesday.

The quiet observance opened with a Memorial Day ceremony at 9 a.m. on the city hall lawn in Granite City, sponsored by Daughters of Union Veterans, Post 90, with Mrs. Sylvia Turman as patriotic instructor, in charge.

Wreaths were placed on the city hall lawn monuments by which state and county authorities record accidents. Several minor accidents were reported Monday afternoon and on Wednesday.

State Sen. James O. Monroe, Collinsville, gave the principal address, pointing out the advancement of the Fair Employment Practices Commission in the state legislature and that the need for it arose over 100 years ago. He quoted several poems and Lincoln's Gettysburg Address to commemorate Memorial Day.

During the impressive ceremony, the 100-year-old Civil War cannon was restored by Lt. W. M. Lunty of the 18th Engineer Co. He said DUV Tent 90 added the de-pot by finding appropriate photos and a sign. The cannon was on display on the lawn.

Also taking part were Alderman Frank Vesel, who gave the welcome address in the absence of Mayor Davis; Rev. Robert J. Shuman of St. Peter Evangelical and Reformed Church, who gave the opening and closing prayers; and a sign. The cannon was on display on the lawn.

Considerable activity was noted on the holiday at Wilson Park where a number of persons were picnicking or at sports events, according to Supt. O. H. Williams. The weather was open again this weekend and will open for the season on June 1, according to Director Harold Brown.

The committee will receive the ballots at the city hall from City Clerk A. L. Stevens and are to do the recounting in the mayor's conference room or the council room.

Invited to be present are the three petitioners and their attorneys — the city attorney, mayor or newspapermen.

A request for a recount were filed by James Kostoff and Edward Hommer, who were defeated by Mrs. Gabriele Beidner, according to the official canvass that named her re-elected as alderman by 17 votes over Kostoff and 111 over Hommer.

Those leaving the Venice school system effective with the end of the 1960-61 year are Byrd, a resident of Brooklyn, who has been Lincoln grade school principal for 27 years; Mrs. Bessie Williams, East St. Louis, second grade Lincoln teacher, who came to the system 35 years ago; and Mrs. Beatrice Miller, East St. Louis, sixth grade teacher, who has 19 years of service with the system and served temporarily as Lincoln high school principal in 1958.

All have been presented with plaques in recognition of their service. A new principal is to be named at next Monday's school board meeting.

Woman Seeks \$100,000 For Fall At Bellemore

A Granite City woman is seeking \$25,000 damages as a result of a fall near a ferris wheel at Bellemore Village shopping center on May 3. Givili Kleinschrahn, 3307 Franklin avenue, has filed suit in circuit court, Edwardsville, alleging that while approaching the wheel she fell and sustained a fractured elbow.

Her claims are against Tri-City Grocery Co., Alan A. Wolff, designated as owner of the center, and H. W. Leubers, doing business as Ideal Rides. She charges them with negligence and carelessness.

The path to the ferris wheel, she claims, was deceptive in its appearance and poorly lighted causing her to fall.

The plaintiff is asking \$25,000 on each of four counts.

Woman Given Stomach Lavage At Hospital

Mrs. Joseph Reynolds, 36, of 2817 East 24th street, is reported in fair condition at St. Elizabeth Hospital after an apparent overdose of nerve pills. She underwent a stomach lavage at St. Elizabeth Hospital about 6 p.m. Tuesday.

Granite City police, who were notified of the mishap, said Mrs. Reynolds, whose husband was working out-of-town, had telephoned a relative saying she felt ill, and she was taken to the hospital by ambulance.

Floyd Brawley, 2032 Lindell Blvd., was presented merchandise certificates totaling \$250 yesterday to become the third and final winner of the Associated Retailers and Civic Association Sweepstake contest which ended Saturday.

Brawley, a maintenance welder at Dow Metal Products Co., and his wife, are parents of nine children, ranging from three to 18 years of age. Mrs. Brawley obtained the winning ticket in a purchase at the Leader Department store.

All claims have not yet been registered for other awards, according to Alvin T. Barnes Jr., executive director of the retailers, who said persons have until the June 15 deadline.

All certificates are to be spent by June 30 at any of the 91 participating stores.

Removal of Old Cars Sought By Residents

A petition to seek removal of a fence and junk autos from an area adjacent to homes in the 1500 block of Market street was received by the Madison city council last night.

The session was moved from Tuesday because of the Memorial Day holiday. The council referred the petition, which contained six signatures, to the legal department and building inspector for further study.

The petition was the second within a month to be presented by residents protesting the appearance of the block. The cars belong to the Hlava auto repair shop, Mayor Stephen Maerz said.

HAROLD R. FISCHER, president of the First Granite City National Bank, who was reappointed today by Gov. Otto Kerner to a full three-year term as member of the seven-man Tri-Cities Regional Port District.

22nd district American Legion Auxiliary.
Reports from the credentials, rules and budget committees will be followed by remarks by Col. Jack C. Jeffrey, Commanding Officer of the Granite City Engineer Depot.

Burt Harris of Granite City is the present district commander. The resolutions committee will submit its report, followed by remarks by the newly-elected district commander, the closing prayer by Chaplain Petri and the retiring of the colors by the Post 113 drill team.

Parade Units
Brewer said the list of units planning to participate in the parade Sunday continues to grow.

Rolling stock will include 10 to 12 units of the local Civil Defense organization and the entire Nike missile unit from Scott Air Force Base.

Drill teams will represent Post 113, Venice-Madison Post 307, and American Legion Posts in Edwardsville, Nashville, Columbia, Belleville, Fairmont City and Wood River.

Musical units will include the Granite City high school marching band, the Black Knights of Belleville, Gabrielle's, Belleville Bellettes, Ainsel Temple Shriners from East St. Louis, Granite City Engineer Depot, Millstadt drum and bugle corps, the St. Louis post office band and the St. Louis Blue Devils.

In addition, color guards from the majority of the 52 posts in the Madison-Bond-St. Clair-Monroe counties area which comprise the 22nd district will be included in the parade, Brewer said.

Marching units are expected to include an all-girl drill team from Wood River, members of the fourth degree of Knights of Columbus Council 1080, the Civil Air Patrol Juniors drill team and color guard, plus Boy Scout and Girl Scout units.

Mayor Davis, American Legion 5th Division Commander Ralph Scott and Col. Jeffrey will be among those seated on the reviewing stand.

Others include District Commander Harris, Vice-Commander Mathis, Vice-Commander - elect Fred Kreck, Master of Ceremonies Fred Honekamp, and Board of Trustees Members Stanley Edwards, Wilbert Neper, Donald Lutz, Almer Branding and Richard Blackwell.

The Post 113 home will serve as convention headquarters for delegates and guests.

Linoleum Firm Testing Carpet On Sidewalk
The operators of Economy Linoleum Co., 1233 Nineteenth street, have laid out the pink carpet.

Yesterday, Sidney and Edward Miller, who run the store, glued a 12-foot by 12-foot carpet to the sidewalk and approach to their store and will leave it there for 30 days in what they term a "torture test."

The nylon carpet will be cleared after residents trod on it to show amount of endurance, the operators said.

Jr. Sports Jamboree Track Meet Is June 15

Granite City's Jaycees, continuing their emphasis on sports and recreational events for local youngsters, announced plans today to sponsor a Junior Sports Jamboree track meet for boys and girls aged 10 to 15 here on Thursday, June 15.

Phil Hogan, Jaycee chairman of the event, said all boys and girls in Granite City who will be at least 10 years old and no more than 15 by Aug. 15 will be eligible to enter.

Competition will be in three divisions—midget (10-11), junior (12-13) and intermediate (14-15). First-place winners in each event will be eligible to compete in the sectional jamboree, with winners there to go on to the state jamboree at Champaign on Aug. 18.

The track meet is being presented in cooperation with the Granite City park district. Entry blanks have been distributed by Jaycees to all Granite City schools and are available to prospective track meet participants there. Hogan said the meet will be held at 5:30 p. m. June 15 at Wilson Park.

Track and field events will be identical for boys and girls in each division. Running events will include the 25 and 50-yard dashes and a 220-yard relay for midgets, 50 and 75-yard dashes and a 220-yard relay for juniors and 50 and 100-yard dashes and a 400-yard relay for intermediates.

Field events include the broad jump and baseball throw in each division, plus the high jump for intermediates. Each youngster competing is eligible to enter one running event, one field event and the relay.

Granite City is one of about 80 communities in the state which will hold local meets of this type, Hogan said. The Junior Sports Jamboree sectionals will be held at six locations.

AC Will Play Fairmont City Team On Sunday

Modesto Athletic Club, which improved its record in the Independent Softball league to 3-0 during the Memorial Day holiday, will have two wins over Fairmont City on Sunday at 10:30 a.m. Sunday contest.

The local club was a 15-5 winner Tuesday over Alton, with Ramon Serrano pitching the victory and Sonny Antel collecting a pair of home runs. Alton had been a 17-2 victim on Sunday.

Tiles Here Saturday, Sunday

Scheduling Mixup Is Ironed Out, GC Will Play Four-Game Series At Home

But for a letter received here yesterday, Granite City's Class A softball club and its scheduled opponent, the Pointdexter Tiles, might have passed each other in the highway between here and Springfield, Mo., Saturday.

The letter from Tiles manager Dick Waters to the Granite City park district, sponsor of the local team, told of the competition of arrangements for members of his team to stay overnight in the Granite City hotel.

Only one catch—Granite City players had room reservations for the same night.

The mixup was untangled when Waters agreed to bring his club into town for a four-game series over the weekend.

Doubleheaders on both Saturday and Sunday at Wilson Park, Granite City, with the understanding that it was to travel to Springfield, had scheduled the first game on Saturday night and the second on Sunday morning with AKA Shoppette.

The first game will begin at 7:30 p.m.

Park Offers Sports Camp To Both Boys And Girls

Next Thursday, June 8, will be the deadline for youngsters to register for the Granite City park district's summer sports camps. Park Director of Recreation, Harold L. Ligon, said.

Seven separate weeks of the camp will be offered to boys aged eight through 12 who are residents of the park district. The program is being expanded this summer to include girls aged 10 through 13, Brown said.

The girls' camps will be conducted June 19-23 and June 26-30, while dates for the boys' camps are June 12-16, 19-23, 26-30, July 10-14, 17-21, 24-28 and July 31-Aug. 4.

Instructors for the boys' sports camps will be Andy Sullivan and Joe Fedora, head football and basketball coach and head baseball coach at Granite City high school. Fee for each one-week camp will be \$10 per participant. Girls' instructors are Mrs. Evelyn Fedora and a second staff member yet to be named.

Activities to be included in the boys' camps are swimming, bowling, baseball, basketball, football and youth physical fitness program. The noon meal is to be furnished the boys, together with sports camp T-shirts.

Girls' activities are to include softball, tennis, swimming, bowling, archery and a physical fitness program. The noon meal also will be furnished.

Brown said youngsters may register to attend more than one session of the camp. A registration form for the sports camps, which will appear in Monday's issue of the Press-Record, should be filled out and returned to the park district office with the registration fee no later than the June 8 deadline.

Suit Seeks Release Of \$26,700 Bank Deposit
Circuit court action is being sought by Peter Murgie in a suit filed this week at Edwardsville regarding a \$26,700 deposit in the Granite City Trust & Savings Bank.

Murgie is asking the court to order the bank to honor his written request for the deposit, which was started Jan. 29, 1959, in a joint account with Mike Yurkovich, who died last May 10.

The plaintiff contends in the suit that he is the survivor and is entitled to receive the balance in the account.

Yurkovich has heirs living in Yugoslavia or other communist controlled countries behind the iron curtain, the complaint sets forth. A spokesman for the bank said today it has been contacted by an attorney for the other heirs concerning the account.

2 GCHS Seniors Hurt In PE Class Collision

Paddlers Pool Opens 5th Season

A bright sun, music, scuba divers and the splashing of children combined Tuesday for a successful opening of the fifth season of the Paddlers swimming pool. Despite the cool month making the final opening plans uncertain and hindering necessary painting, a warm summer day greeted the 400 member families.

Keith Parker, pool manager, acted as master-of-ceremonies and introduced Paul Morris, president, who in turn introduced the board members present, Homer Johnson, James Spinks, Andrew Gitcher, Mrs. Donna Hogan, William Russell, Richard Pittenger and Charles Rodell.

Morris also introduced Mrs. Amy Magyar and explained that the new landscaping is the result of her planning and work, and Mrs. Edith McGee, an artist, who painted murals on the infant pool walls. He also introduced Mrs. Jacqueline Spinks, chairman of the opening day.

New pool personnel introduced by Parker were Don Brumleve, assistant manager, Miss Carol Holscher, guard, Don Lambert, guard and Mrs. Jo Ann Kari, manager of the concession stand. Popular music was presented by organ students.

The Kingfisher Club demonstrated scuba diving, with an underwater show of safety practices and time elements, water entries with full diving equipment, station breathing, the buddy system of breathing and donning of full gear underwater. Swimming strokes used in skin diving also were shown.

Craig Hull and Craig Cooper, narrators, explained what the divers were doing and why it was done. Divers were George Cavar and high school students, Jeanette Geis, Marilyn Murgie and Darlene Ritz, seniors; Penny Ballard, Tom Teague and Bob King, juniors; and Bob Dabbs, a sophomore.

Decorations were of a nautical nature, with fish nets as backgrounds, star fish and sea shells caught in the nets, sand buckets and paper flowers entwined along the fence, colored pennants and balloons floating high in the air over the patio and Hawaiian leis decorating the gates and doorways.

Parker announced that the pool will be open weekdays until school is out at 4 p.m., weather permitting, and at 1 p.m. on weekends. After school is out, the pool will open daily at 1 p.m.

SIU, Local Public Need To Work Together For New University

With the seminar and exhibit on campus planning this weekend, we hope that Southern Illinois University and the public can return their attention to the primary and important task of establishing the new state university authorized in last fall's state referendum.

The state legislative hearing on SIU appeared motivated in part by Chicago-dominated rivalry, inter-university athletic jealousy and a wish to afford a forum for a dissident minority of land owners and students. While the hearing may have had prospects of achieving a positive result, in retrospect it seemed merely an attempt to cause embarrassment with little actual enlightenment.

If there is thought at Springfield that SIU "invaded" the Madison-St. Clair counties area against the wishes of the majority of the people, the legislators are badly mistaken. The Illinois Metropolitan Area welcomed the initial steps toward establishing a branch university; private citizens' and organizations' generous contributions for land acquisition speak louder than any words on this score.

We feel that the SIU board and staff, and through it the public, constitute a better authority on how much land is needed than the residents unfortunate enough to be in the path of site purchasing. A spacious initial site, in fact, would seem to offer the only hope of eventual expansion of the school to keep pace adequately with this region's certain population growth. Also, we feel that what constitutes a good curriculum can be judged more fairly in some other manner than by comments of non-educators at a subcommittee hearing.

Maximum utilization for educational purposes of the \$25,000,000 bond issue allocation — which was hard to attain and will not be easy to duplicate — would give reassurance. Perhaps there needs to be some meeting of minds on this point between university leaders and the communities to be served, though a formal hearing would not seem to be the best approach.

Another point for consideration is SIU's active public information service, criticized at the hearing. Rather than reducing its efforts, we would suggest that it be used more fully, helping to air university issues before they are decided as well as afterward. This could help consolidate public support for decisions of the board and actions of the administration.

Momentary For Horseshoe Lake State Park Must Be Maintained

A state park at Horseshoe Lake remains a worthy goal for local supporters of the proposal and for those who control the state pursestrings. We hope that the momentum already developed

will be sustained until enough funds are obtained to carry out the plans that have been started.

The governor's candor is to be admired, though the letdown among the large delegation visiting Springfield cannot be disguised. His outlook is understandable, in many respects, due to the excess of spending programs over the revenue known to be available. And it is wise to seek the views of state and federal agencies on the relative urgency of conservation projects such as this, though Gov. Kerner already has shown encouraging familiarity with the local plan.

The issue is whether there can be a place for the \$3-million-plus park development—or a substantial part of it—in the \$3-billion-plus state budget. Because it would have a favorable effect over a wide section of Illinois, we are inclined to think that its merit will be obvious to all upon evaluating the many forms of spending and suggested spending by the state government.

Quad-Cityans will await with great interest the fiscal reappraisal to be made during June. Land costs, mentioned by the governor in talking with the Horseshoe Lake Park advocates, certainly are not becoming any cheaper.

Class Five Fire Insurance Rate A Worthy Goal For Quad-Cities

A Class Five fire insurance rate for the entire Quad-Cities? It might be difficult to attain, but it would be well worth the effort, in view of the effect it would have on this community's attractiveness and on local residents' pocketbooks.

Venice officials, believing their Class Six rating was in jeopardy due to the increasing age of their firefighting equipment, called for bids and will open them tomorrow on purchasing a new fire truck. With a higher fire department tax authorized by voters this spring, funds will be available for this and other improvements.

Also holder of a Class Six rating for some time, Madison has added to its equipment and currently is expanding its station. Combined with an intensified fire safety program, it is hoped that this will bring about lower insurance costs.

In Granite City, scheduled to advance from Class Seven to Six in mid-June, steps have been outlined for a continuing series of improvements. Training, the water system, firefighting facilities and inspections have been bolstered, and further attention is recommended on equipment, manpower and enactment of city legislation introduced last October to set up a fire prevention code and establish a fire protection bureau for enforcement of the code. Particular stress has been placed on passage of the code, conforming to National Board of Fire Underwriters standards, which would restrict materials, processes and occupancies hazardous to life and property.

With all the local cities taking steps to achieve reductions in fire losses, continued diligent efforts should help alter the insurance rates accordingly.

'Creeping' Inflation Can Gallop, Club Told

Chief officer of inflation is that it changes from "creeping" to "galloping" as soon as a sizable portion of the public, becoming convinced that inflation is inevitable, changes from saving to financial speculation. Madison Rotarians were told yesterday by Bill Lovin, who joined with Frank Rogers in presenting a National Management Association program on inflation.

Discussing post-war world I Germany, Lovin showed pictures of stamps sufficient to mail one letter which rose progressively in cost from five marks to a billion marks. He said all can become millionaires through inflation, but that standard of living rises only with productivity.

The speakers described the only solution as simultaneously increasing output per man-hour with improvements in wages, hours and fringe benefits, and raising direct income taxes even with increases in governmental spending. They stressed that collapse of the monetary system would lead to downfall of the United States and its free enterprise system. The speakers were introduced by Leroy Voltes, program chairman.

The club elected Larry Palgas as first vice-president for the year beginning July 1 and

named secretary-elect Alex Schuchman to the additional post of second vice-president.

City Awards Contract

To Repair Sewer Line

Award of a contract to Indiana Granite & Construction Co., Indianapolis, for an estimated \$300,000 to repair job to the 61-inch 20th street sewer in Indianapolis.

In other action, the council referred to committee an agreement submitted to the city by the Mitchell Public Water District for renting fire hydrants to the city at a cost of \$25 a year in any area of the water district which might be annexed to the city in the future.

City Atty. William Beatty who also is attorney for the water district, said he would go over the details with the committee and the matter would again be brought up before the council.

Under the contract with the granite firm, the city is to pay \$175 a batch for an estimated 1600 batches complete. The sewer repair job and also pay on a cost-plus basis for the deteriorating of the line, estimated at \$200 to \$300 a day. The maximum time for completing the job is 90 days.

Repairs to the line from Omaha to Iowa streets is being required by the state highway department before the widening and resurfacing of East 20th street is carried out. The project already is underway.

Lettes Blank Blues Here Tuesday, 8-0

Lorraine Ramsay tossed a three-hit shutout at the St. Louis Blues Tuesday afternoon at Wilson Park as the Pekin Lettes walked off with an 8-0 victory in an exhibition girls' softball contest.

Miss Ramsay, who is a physical education instructor at Coolidge junior high school and a member of the all-world women's tourney team, was backed up by a 10-hit attack which included a third-inning home run by teammate Lorraine Beckman.

The Lettes scored three runs in both the third and fifth innings and added two more in the top of the seventh.

Beverly Conway was the losing pitcher. The Lettes played flawless softball, while the Blues committed two bobbles. The visitors from Pekin finished fourth in the world tournament last year.

The Memorial Day appearance was the first of nine here this summer by the Blues. On Saturday night, June 17, they will conclude the exhibition series.

The two teams played here last year before a crowd of 2500.

White City Wins

Moose Pound Mercers 13-3 In Memorial Day I-C Play; Full Schedule On Sunday

Moose Club No. 4 of East St. Louis continued to dazzle the opposition with offensive power Tuesday, as the undefeated Red Birds pounded four Mercer players for 13 hits in a 13-3 Memorial Day victory at Jones Park in East St. Louis.

In the only holiday game played, Pochontas failed to come up with timely hitting and left 12 men stranded on base in a 5-1 defeat at the hands of White City.

White City in 2nd The visitors' win, coupled with Mercer's loss, moved White City into second place in the Blue division race.

And Angeloff started for Mercer, one of two Granite City entries, and was charged with the defeat, although Moose Club did not do the major portion of its scoring until Angeloff had been lifted.

Ron Parker took over in the fifth. He gave way to Joe Holdier in that same frame, during which Moose counted four times. Larry McCaskey, Moose Club's one-man gang, pitched eight innings and was the winner. He gave up two runs in the third and a single marker in the fifth.

For once, McCaskey was not the hitting star of the game. That honor went to Dick Horton, who drove in four Moose runs with three timely hits. Moose Club has scored 60 runs in its last four games.

Mercer's all even at 3-3, will try to regain a tie for second place in the Blue division Sunday.

SPENGLER INSURANCE, Credit Union Win Class 'B' Games

Softball can be a game of contrasts — in the Granite City park district's Class "B" league, at least.

In Memorial Day action at Wilson Park, Modern Furnace managed to score just once despite collecting nine hits in a 3-1 loss to Spangler Insurance, and the Granite City Steel Credit Union made just four hits good for 12 runs in a 12-3 victory over the Granite City.

Evans Mank kept the nine Modern Furnace hits well scattered, and his Spangler Insurance teammates got a lot of mileage out of five safe blows in the first game. Jerry Voloski was the hard luck loser.

The Credit Union, trailing 3-1 as the sixth frame of the second game began, came up with nine big runs to take a commanding lead, and added two insurance markers in the seventh.

Both the Granite City and Credit Union managed just four hits. Kennedy Mitchell, Don Buckham and Bob Schofield all worked on the mound for the Granite City.

Carroll Gilson went the distance for Credit Union and was the winner.

Big Top, Trust Bank Post Second Wins In Slow Pitch Loop

Big Top Bowl and Granite City Trust & Savings Bank topped their records in the 35-Plus Slow Pitch Softball league to 2-0 Monday night with convincing wins at Wilson Park.

Big Top collected 18 hits, including home runs by Bill Tutka and Bob Dant, in a 13-2 rout of VFW Post 1300. Trust Bank followed with a 23-10 victory over Club Delmar in a wild contest which included 47 base hits, 32 of them credited to the winners. Delbert Coy smacked a homer for Club Delmar.

Paul Thompson went the distance on the mound for Big Top, blanking VFW in all but the fourth inning and scattering eight hits. The winners broke the game open with a seven-run second frame against losing pitcher Howard Kearney.

Club Delmar and the Trust Bank played a full seven innings, although Trust Bank had a 19-7 lead at the end of five innings and could have been declared the winner at that point in any other league but the slow pitch circuit.

Trust Bank had a 12-2 bulge after two innings of play. Rudy Suchich pitched the first five innings for the winners and got credit for the victory. Bob Lowell was the loser.

Suspension Rescinded

Secretary of State Charles F. Carpenter today announced that the Drivers License Division of his office has rescinded suspension of the license of Charles E. Kuntzen, Hq. Co. 553rd Engr. Gp., Granite City Engineer Depot. The action was taken upon review of the record, which disclosed that one of the three offenses listed was not of such nature to indicate disregard for the traffic laws or danger for the safety of others on the highways.

How working couple saves time and steps, gets more done with extension phones

By DON DAVIS, Telephone News Writer

"My favorite phone is the Princess," says Ted Treadway. "The light-up dial's great. Also, the phone's handy for emergency calls."

"My green kitchen phone comes in real handy while dinner is cooking," says Norma Treadway. "I can make and receive calls while keeping an eye on things."

Jenna Lynn Treadway, a third grader, likes the phone in an alcove because she can sit on the floor and talk with friends.

What can extension telephones do for you?

Perhaps you can get some ideas from Ted and Norma Treadway. A working couple, they both take part in a large number of outside activities.

They have three colorful extension phones in their five-room home. These phones save them time and effort and give them more privacy. And the Treadways' bedroom phone gives them a comfortable feeling of security at night.

Why don't you see what extension phones can do for you? Just call the telephone business office or ask any telephone serviceman. Cost is low.

Ask about new Bell Chime. It announces your calls with a pleasant musical tone.

AN IMPORTANT ANNOUNCEMENT TO THE PARENTS OF HIGH SCHOOL GRADUATES!

**Granite City Trust and Savings Bank
Proudly Announces Their New**

COLLEGE EDUCATION FINANCING PLAN

All parents would like to give their youngsters the advantages of a college education. But the rising cost of living and other expenses make it difficult for many families to lay aside enough money in advance to meet the growing costs. Now Granite City Trust presents their new College Education Financing Plan that lets you pay for education out of regular income in convenient monthly installments over a 6-year period!

HERE'S HOW THE PLAN WORKS:

1. You select the particular school or college for your child and determine how much you will need (up to \$10,000) to pay all the expenses. Use the handy table at the right.
2. As soon as your application is approved, we will advance the first semester expenses to you. Remainder of the loan will be paid to you in 7 additional payments beginning at the start of each succeeding semester.
3. Budgeted monthly payments will start one month after the date of the loan, continuing up to six years for a 4-year course. For example, if you borrow a total of \$5000, for a 4-year course you repay \$77.02 monthly.

WHO IS ELIGIBLE?

If you are a parent, relative, guardian or sponsor, Granite City Trust will welcome your application. So, come in and talk over your youngster's tuition needs now. There is no obligation!

USE THIS TABLE TO FIGURE HOW MUCH MONEY YOU WILL NEED FOR COLLEGE EXPENSES:

Tuition and Fees	\$ _____
Room and Board	\$ _____
Books	\$ _____
Transportation	\$ _____
Clothing	\$ _____
Social, Other Expenses	\$ _____
Total Annual Amount	\$ _____
Multiply by Number of Years Attendance Planned	\$ _____
TOTAL MONEY REQUIRED	\$ _____
Less Total Savings Now Available	\$ _____
Grand Total Needed With Granite City Trust's College Education Financing Plan	\$ _____

COVERS ALL EDUCATIONAL EXPENSES

You may finance one, two, three or four years of education. Funds are advanced at the beginning of each semester. Up to \$10,000 is available; however, you may borrow as much or as little as you need.

SPREADS THE COST EVENLY!

No need to face a large cash outlay at the beginning of each school semester. Instead, you can repay in sensible monthly installments, taking up to 72 months to repay. All interest you pay is tax-deductible, and the rates are about 1/2 of a normal installment loan.

COMPLETE INSURANCE Coverage Included

Should the borrower (parent or sponsor) die, all payments due to the bank are automatically cancelled; and the student continues to receive all the money he needs to complete his college education. Should the student die, any balance owed by the family is cancelled. No medical examination is required for this insurance.
